Survey Papers

4. “Introduction to This Special Issue on Context-Aware Computing”, TP Moran, P Dourish - Human-Computer Interaction, 2001
5. “Is context-aware computing taking control away from the user? Three levels of interactivity examined”, L Barkhuus, A Dey - Proceedings of Ubicomp 2003
9. “Context is key”, Joëlle Coutaz, James L. Crowley, Communication of ACM, 2005
12. “WHAT CAN CONTEXT DO FOR WEB SERVICES?”, Communications of ACM, 2006

Architectural Approaches

15. “Context-Aware Middleware for Pervasive and Ad Hoc Environments”, HA Duran-Limon, GS Blair, A Friday, P Grace, G … - … Department, Lancaster University, Bailrigg, Lancaster, UK, 2000
22. “A context-aware middleware for applications in mobile Ad Hoc environments”, CF Sørensen, M Wu, T Sivaharan, GS Blair, P …, 2004
24."An Intelligent Broker Architecture for Pervasive Context-Aware System", H Chen - University of Maryland, 2004
28."An Architecture Supporting Implementation of Context-Aware Services", A Kofod-Petersen, M Mikalsen - Workshop on Context Awareness for Proactive Systems (CAPS ..., 2005

Context Modeling & Ontology

35. “There is more to Context than Location”, A Schmidt, M Beigl, HW Gellersen - Computers & Graphics, 1999
40."Ontology Based Context Modeling and Reasoning using OWL", XH Wang, DQ Zhang, T Gu, HK Pung - Pervasive Computing and Communications Workshops, 2004
41."Ontology-Based Context Modeling", XH Wang, DQ Zhang, T Gu, HK Pung - Pervasive Computing and Communications Workshops, 2004
42."An ontology for context-aware pervasive computing environments", H CHEN, TIM FININ, A JOSHI - The Knowledge Engineering Review, 2004
43."An Ontology-based Context Model in Intelligent Environments",T Gu, XH Wang, HK Pung, DQ Zhang - Proceedings of Communication Networks and Distributed ..., 2004
46. “An Ontology-based approach to context modeling and reasoning in pervasive computing”, XH Wang, DQ Zhang, T Gu, HK Pung - Pervasive Computing and Communications Workshops, 2004
47. “GAS Ontology: An ontology for collaboration among ubiquitous computing devices”, E Christopoulou, A Kameas - International Journal of Human-Computer Studies, 2005

Domain-dependent Applications

54."Dissemination Active Map Information to Mobile Hosts", BN Schilit, MM Theimer - Network, IEEE, 1994
55."Context-Aware Applications - From the Laboratory to the Marketplace", PJ Brown, JDX Chen - Personal Communications, IEEE [see also IEEE Wireless …, 1997
